

Guide to RWU Placement Assessments

Welcome to Roger from the team in the Center for Student Academic Success (CSAS)! As you prep for fall, one thing you need to complete are the academic placement requirements. The types and numbers of assessments you need to complete are based on your major. Please note: You must complete all required placement assessments prior to attending your course registration appointment.

[Click here for placement information and registration links](#)

- **Writing placement survey:** *All* students entering RWU for the 2024-25 academic year must complete the online Directed Self Placement survey in order to determine which WTNG class will best suit their needs. DSP is **not a test**, and does **not require a writing sample**. It will take approximately 5 minutes. Please contact Brian Hendrickson, bhendrickson@rwu.edu, Program Coordinator for First-Year Writing, with any questions.

Writing survey login information: No special password or login information is necessary to complete the writing placement requirement; however, you will need to enter your first name, last name and student ID number in order to proceed. You can find your Student ID in Roger Central (View your user profile by clicking on your username on the top toolbar and selecting 'User Profile'.)

[Click here](#) to take the self-placement survey.

- **Math: Not everyone is required to take the Math Placement Testing. Math Placement Testing is dependent upon the major you have chosen click [here](#) to find your major and math requirements.** The Math placement exam consists of a 2-hour algebra, and a 2-hour functions exam. Please take the time to read the instructions; it will save you time and trouble later!

Math Assessment Login information: Create an account by entering your first name, last name, student ID (see below) and rwu email address. Then, specify your login ID - it's recommended to use the first initial of your first name and all of your last name. You can find your Student ID in Roger Central (View your user profile by clicking on your username on the top toolbar and selecting 'User Profile'.)

[Click here](#) to go to the Math Assessment login screen.

**Students who have used extended time while taking SAT's or had an IEP in high school are permitted to take the 4-hour algebra, and the 4-hour functions exam.

- **Modern Language:** Modern language placement is required for all new students who have skills in a modern language and/or have taken courses in a modern language in high school. Students who are majoring in both the International Relations Major and the International Business Majors are also required to complete modern language placement. If you are interested in pursuing a foreign language while attending RWU, we encourage you to take modern language placement to determine your placement level in that language. Please contact Modern Language Department Chair, Professor Min Zhou at 401-254-5719 or mzhou@rwu.edu with any questions.

Modern Language Assessment Login Information: Foreign Language placement testing is available on [Bridges](#). Please refer to the following article for instructions on how to access the placement exam. [How to Access Language Placement Exam in Bridges](#).

Please complete all required placement assessments prior to attending your course registration appointment; however, we strongly encourage you to complete the placement requirements as soon as possible.

If you have questions, please reach out to Angela Raymond, Coordinator of Placement & Academic Advisor, at araymond@rwu.edu or 401-254-3861.
